(Stock Code: 3600.HK)

BUSINESS REVIEW

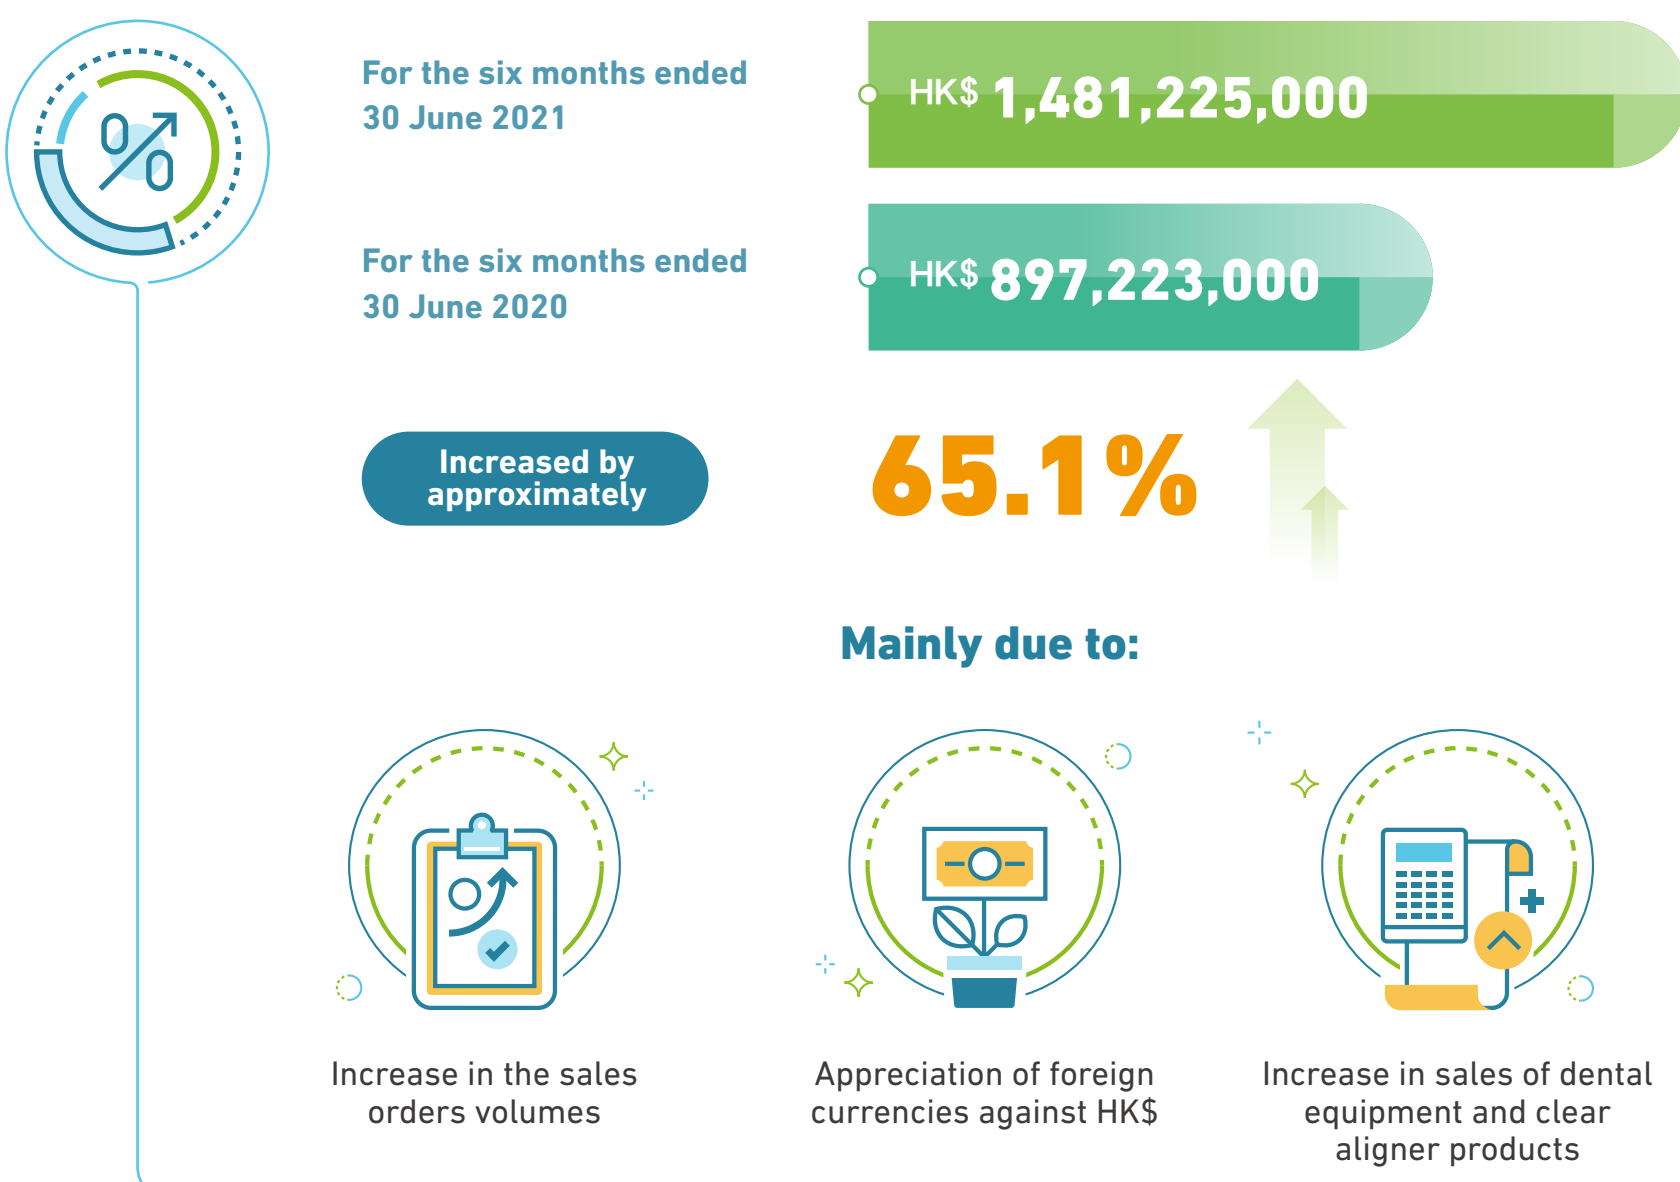

Modern Dental Group Limited (the "Group", 3600.HK) and its subsidiaries is a leading global dental prosthetic device provider, distributor, and consultant offering "one-stop-shop" services for more than 30,000 customers in more than 20 countries including Europe, North America, Greater China and Australia.

The Group's product portfolio is broadly categorized into three product lines:

- fixed prosthetic devices, such as crowns and bridges
- removable prosthetic devices, such as removable dentures
- other devices, such as orthodontic devices, clear aligners, sports guards and anti-snoring devices

For the first half of 2021, the Group capitalized on the industry-wide pent-up demand for dental products and services as a result of significant tailwinds generated by an increase in spending by consumers on specialty dental treatments and tailwinds driven by the digitalization of, and the adoption of intra-oral scanners in, the dental market. Furthermore, the Group benefited from a significant increase in new clients in certain key markets, as the lasting effects of the pandemic continued to disproportionately affect our smaller and mid-scaled competitors leading to, in the Group's view, an increase in market share in the applicable markets. The Group's results represent a strong and continued recovery in the dental market and solid execution across each of the Group's markets operationally and financially, as most of the Group's key and applicable metrics have improved significantly beyond pre-pandemic levels illustrating the Group's competitiveness in the industry, ability to thrive under uncertain business conditions and close relationship with its clients and customers.

With the Board's extensive experience and determination to meet any short-term challenges, the Group is in an ideal position to take advantage of, and will remain opportunistic in, any business opportunities whilst remaining cautious and prudent in safeguarding shareholders' interests.
